

# SAFETY DATA SHEET

Issue Date 21-Mar-2016

Revision Date 01-Jun-2022

Version 3

# 1. IDENTIFICATION OF THE SUBSTANCE/PREPARATION AND OF THE COMPANY/UNDERTAKING

Product identifier Product Name

HYDSYN- 32

None

Other means of identification Product code: Synonyms

Recommended use of the chemical and restrictions on useRecommended UseLubricant.Uses advised againstNo information available

Details of the supplier of the safety data sheet Supplier Address Petrochem, Inc. 333 North Randall Road St. Charles, Illinois 60174 Phone: (630) 513-6350 Fax: (630) 513-8324

Emergency telephone number Emergency Telephone

# 2. HAZARD IDENTIFICATION

## **Classification**

## OSHA Regulatory Status

This chemical is not considered hazardous by the 2012 OSHA Hazard Communication Standard (29 CFR 1910.122)

Not a dangerous substance or mixture according to the Globally Harmonized System (GHS)

Label Elements

EMERGENCY OVERVIEW

Signal word Not Classified

Hazard statements None

The product contains no substances which at their given concentration, are considered to be hazardous to health

Appearance Oil

Physical state Liquid

Odor Mild

Eyes None Skin None Inhalation None Ingestion None Hazards not otherwise classified (HNOC)\_ Other information\_

# **3. COMPOSITION/INFORMATION ON INGREDIENTS**

The product contains no substances which at their given concentration, are considered to be hazardous to health.

# **5. FIRE-FIGHTING MEASURES**

#### Suitable extinguishing media:

Carbon dioxide (CO2). Dry chemical. Water spray mist or foam.

Unsuitable extinguishing media Do not use a solid water stream as it may scatter and spread fire **Specific hazards arising from the chemical** Thermal decomposition can lead to release of irritating gases and vapors. In the event of fire, cool tanks with water spray.

#### Explosion data

Sensitivity to Mechanical Impact None. Sensitivity to Static Discharge None.

#### Special protective equipment for firefighters:

Standard procedure for chemical fires. In the event of fire, wear self-contained breathing apparatus.

# 6. ACCIDENTAL RELEASE MEASURES

| Personal | precautions, | protective | equipment | and emer | gency | procedures |
|----------|--------------|------------|-----------|----------|-------|------------|
|          |              |            |           |          |       |            |

| Personal precautions:      | Contaminated surfaces will be extremely slippery. Use personal protective equipment.                   |

Information on toxicological effects

Delayed and immediate effects as well as chronic effects from short and long-term exposure

| Sensitization<br>Mutagenic effects:<br>Carcinogenicity | No sensitization responses were observed.<br>Did not show mutagenic or teratogenic effects in animal experiments.<br>This product does not contain any carcinogens or potential carcinogens as listed by OSHA,<br>IARC or NTP. |
|--------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Reproductive toxicity                                  | This product does not contain any known or suspected reproductive hazards.                                                                                                                                                     |
| STOT - Single Exposure                                 | None under normal use conditions.                                                                                                                                                                                              |
| STOT - Repeated Exposure                               | None under normal use conditions.                                                                                                                                                                                              |
| Aspiration hazard                                      | Not applicable.                                                                                                                                                                                                                |

Numerical measures of toxicity - Product Information

# The following values are calculated based on chapter 3.1 of the GHS document .

| ATEmix (oral)   | 19173 mg/kg |
|-----------------|-------------|
| ATEmix (dermal) | 16268 mg/kg |

# **12. ECOLOGICAL INFORMATION**

Ecotoxicity

No known hazards to the aquatic environment.

0.686% of the mixture consists of components(s) of unknown hazards to the aquatic environment

| 1,2 Benzenedicarboxylic acid di-c9-c11 branched alkyl ester - 68515-49-1 |                                                                                                                                                                                                                                                             |  |

#### Persistence and degradability

Inherently biodegradable. (based on components).

## **Bioaccumulation**

No information available.

#### Mobility

The product is insoluble and floats on water.

| Components                                                    | Partition coefficient |
|---------------------------------------------------------------|-----------------------|
| 1,2 Benzenedicarboxylic acid di-c9-c11 branched alkyl ester - | 8.8                   |
| 68515-49-1                                                    |                       |

# **13. DISPOSAL CONSIDERATIONS**

Waste treatment methods

| Disposal of wastes | Disposal should be in accordance with applicable regional, national and local laws and |

## **Federal Regulations**

#### SARA 313

Section 313 of Title III of the Superfund Amendments and Reauthorization Act of 1986 (SARA). This product does not contain any chemicals which are subject to the reporting requirements of the Act and Title 40 of the Code of Federal Regulations, Part 372

| SARA | 311/312 | Hazard | Categories |
|------|---------|--------|------------|
|      |         |        |            |

| Acute Health Hazard               | No |
|-----------------------------------|----|
| Chronic Health Hazard             | No |
| Fire Hazard                       | No |
| Sudden release of pressure hazard | No |
| Reactive Hazard                   | No |

## CWA (Clean Water Act)

This product does not contain any substances regulated as pollutants pursuant to the Clean Water Act (40 CFR 122.21 and 40 CFR 122.42)

#### **CERCLA**

This material, as supplied, does not contain any substances regulated as hazardous substances under the Comprehensive Environmental Response Compensation and Liability Act (CERCLA) (40 CFR 302) or the Superfund Amendments and Reauthorization Act (SARA) (40 CFR 355). There may be specific reporting requirements at the local, regional, or state level pertaining to releases of this material

# State Regulations (RTK)

#### California Proposition 65

This product contains the following Proposition 65 chemical: DIDP
