10 YEARS!!! "Northeast Foods, Inc. has been using HT-2000™ and PR-500 for over 10 years!!! Petrochem remains committed to earning your trust by providing you the best performing lubricants to save your company money and protect your investment. Our lubricants are still the TOP performing oven & proofer chain lubricants with leading Oven Manufactures in the Bakery Industry.
J. Dohner, Vice President

Petrochem, Inc's 2011
TODAY

#1 OEM recommended Oven Chain Lubricants in the marketplace !!!

OPTI-LUBE 220 (H-2) Stewart System's top choice for recommended Oven Chain Lubricants. Last significantly longer than ANY oven chain lubricant.

HT-2000™ (H-2) & PETRO-GARD 200 Both have very high ratings for low carbon residue and for having one of the best metal wear & bearing life for all ISO 100 & ISO 220. The flashpoint range around 600°F!
PROVEN PERFORMANCE!!

FOODSAFE (H-1)
PETRO-GARD 220

PR-500 Proofer (H-2) Last up to 75% longer than Mineral Oil products

FOODSAFE (H-1)
PMO FG-100 PROOFER Use when a Food Grade Proofer Chain Lubricant is required.

"Our lubricants are compliant with the new law and allow bakeries to achieve food safety."
Jill Dohner, Vice President, Petrochem, Inc.

FOOD SAFETY MODERNIZATION ACT (FSMA)
This new law enacted by President Obama on January 4, 2011 is aimed for Food Facilities to follow a written plan that eliminates potential problems that could affect the safety of their products such as contamination from lubricants.

PETROCHEM, INC. provides High Performance Premium Food Grade and Synthetic Chain Lubricants that are compliant with the new law and solves the problems that plague oven chains and proofers. All of Our Lubricants Are Stocked & Distributed Worldwide.

Bakery Experts in Oven, Proofer and Cooler Chain Lubricants.
"Reduce wear & tear and maintenance costs by using PETROCHEM'S Premium Specialty Lubricants. Call us today."
